NeuroScan: Brain Tumor Detection & Analysis Report

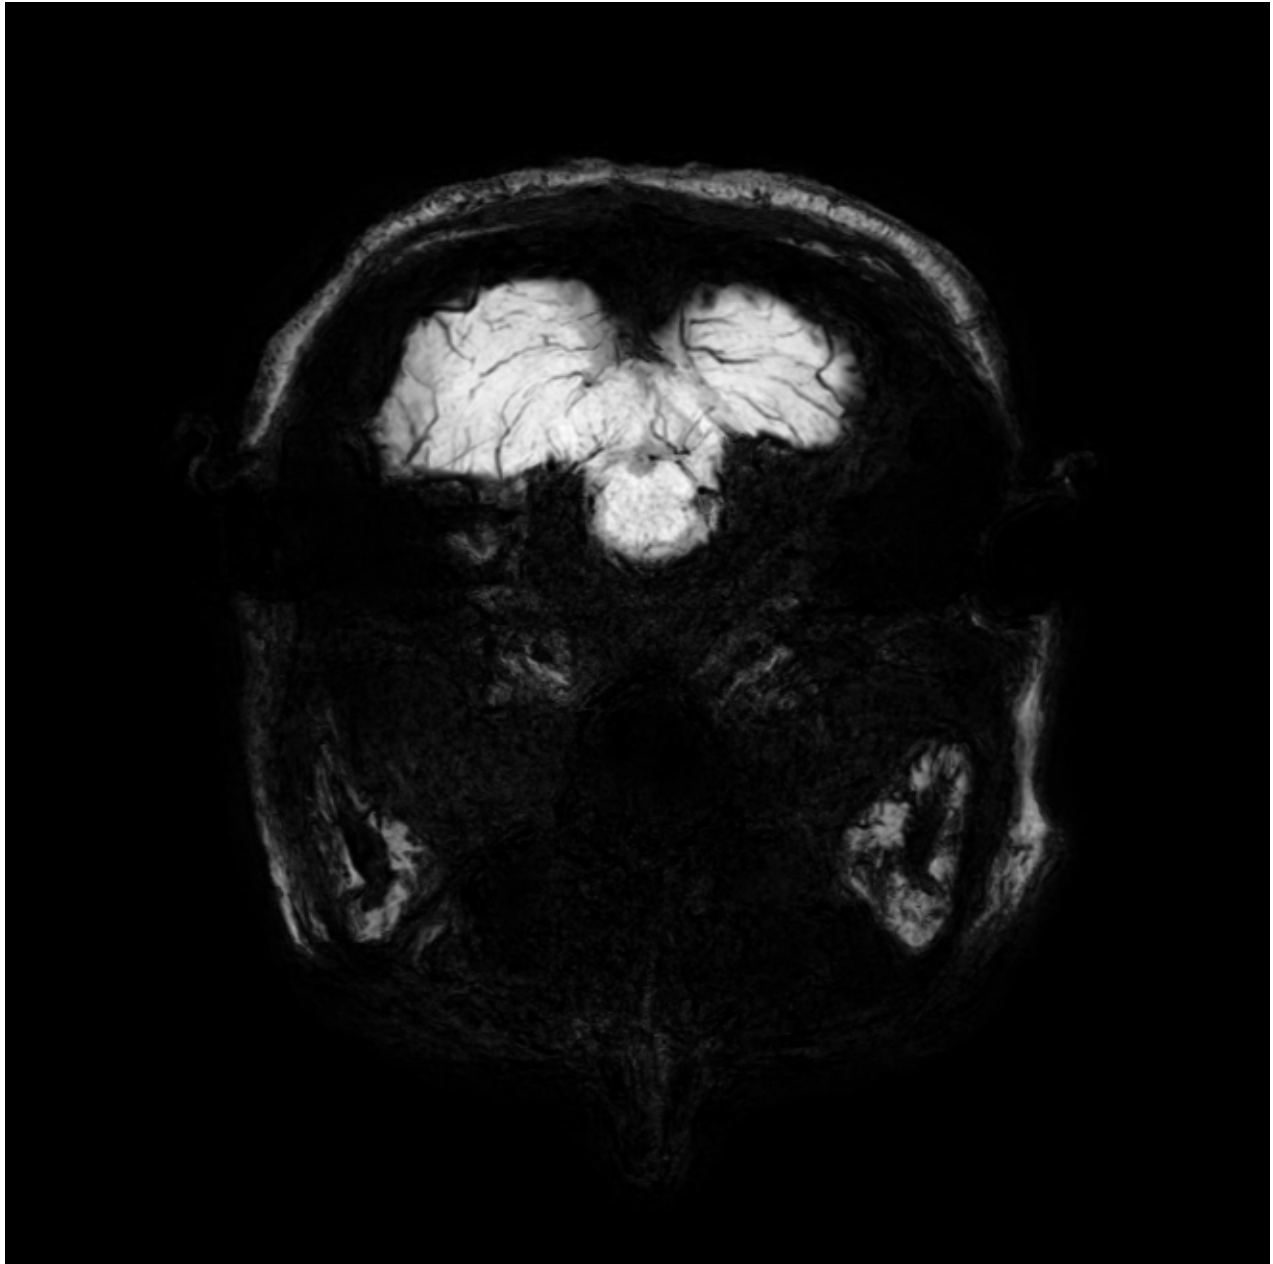

Report Date and Time: 02-05-2025 15:51:24

Patient Name: John Doe
DOB: 1970-01-01
Patient ID: 1234567
Referring Physician: Dr. Ansh Desai

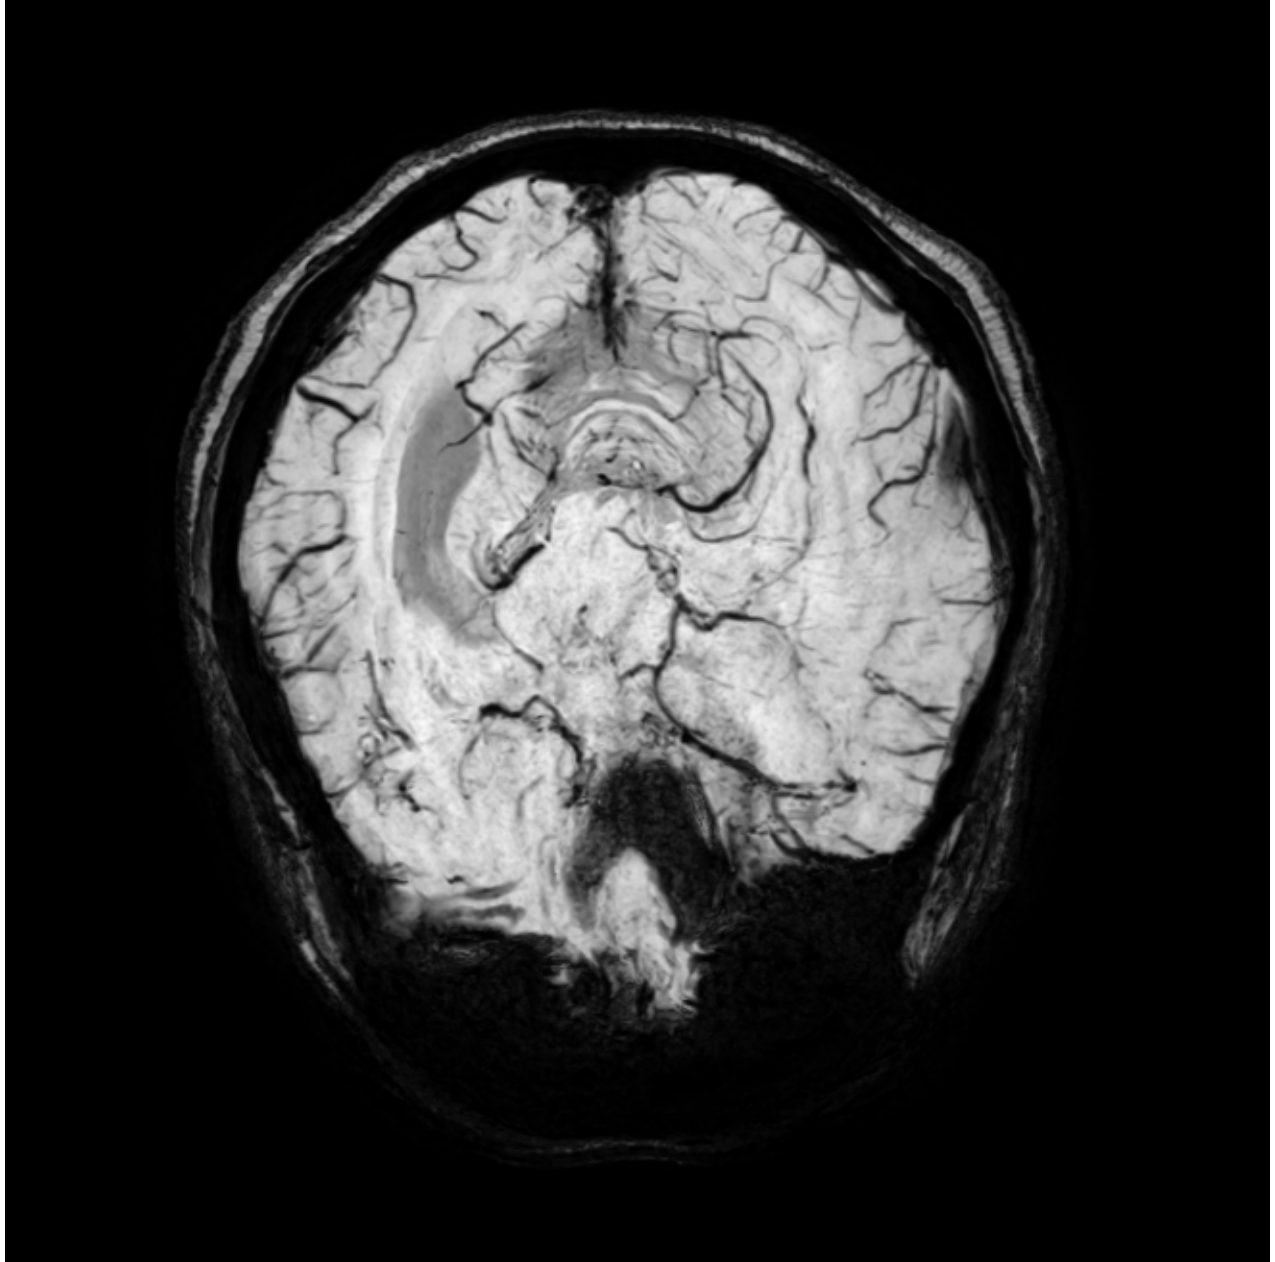

Tumor Volume: 157.40 mm³

Digitally signed by
Dr. Welshia Aranha
MD, Diagnostic Radiology

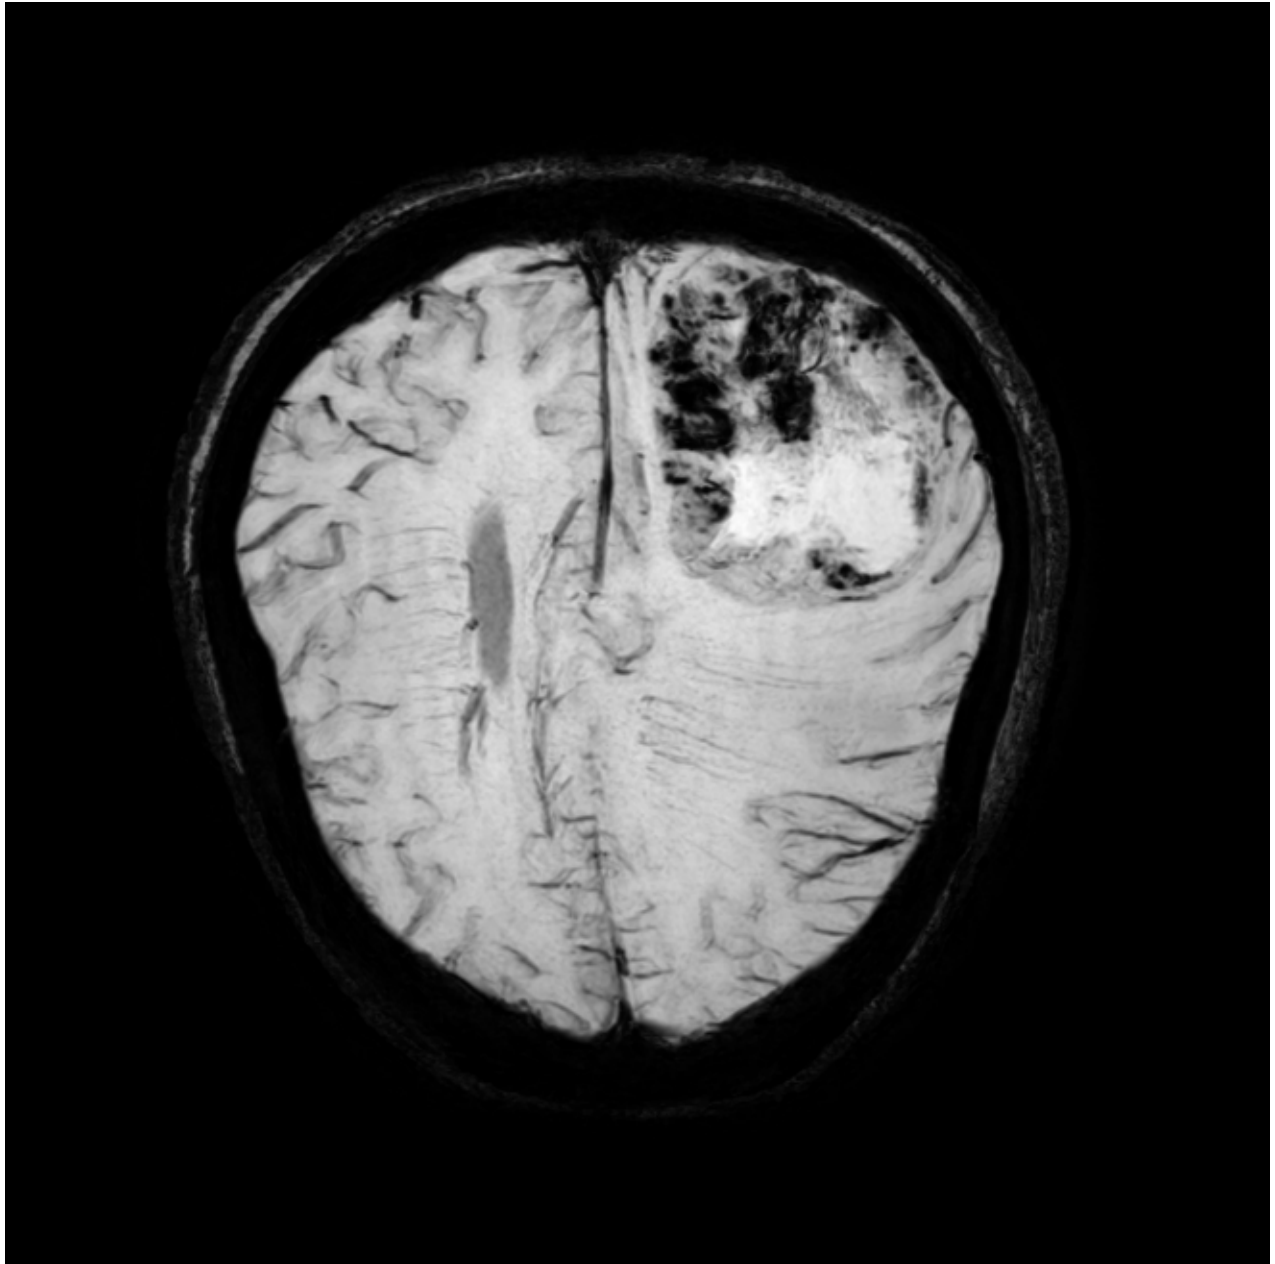

Slice 0 - Axial Plane Tumor Demarcation
Clinical Significance: Horizontal cross-section showing tumor extent

Slice 7 - Axial Plane Tumor Demarcation
Clinical Significance: Horizontal cross-section showing tumor extent

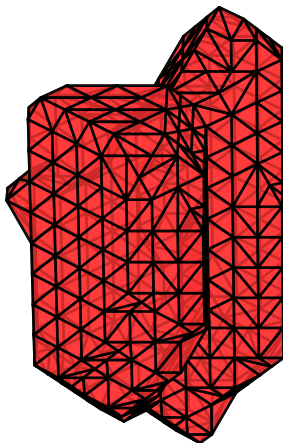

Slice 15 - Axial Plane Tumor Demarcation
Clinical Significance: Horizontal cross-section showing tumor extent

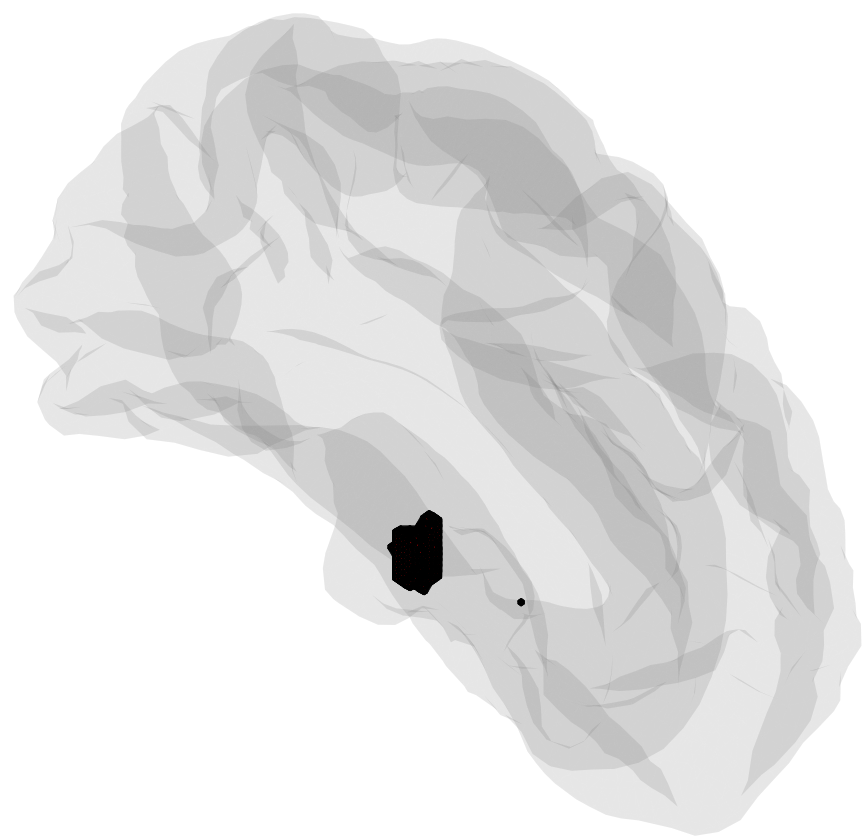

Slice 23 - Axial Plane Tumor Demarcation
Clinical Significance: Horizontal cross-section showing tumor extent

Volumetric Tumor Reconstruction

Anatomical Context Visualization

CONFIDENTIAL - For authorized medical use only
